KOREANS NEED RELIGION SAYS DR. SING RHEE

"The Korean people need the Christian religion; it is the one thing which will restore the country and enlighten the people," said Dr. Sing Man Rhee, the eminent Korean religious leader who is now visiting in this city, at a reception given in his honor at the First Methodist Episcopal Church which was attended by more than four hundred persons.

The reception was presided over by Rev. C. E. Hong, pastor of the Korean church, who offered a short address telling of the work which Dr. Rhee accomplished both in his own country and in the United States, and then introduced Dr. Rhee. The speaker first spoke in English thanking the American people in Hawaii for their kindness toward the Koreans and referred to the mission work in Hawaii which is now being carried on under the auspices of the Methodist church. He said that he was in hopes the friendship which now exists among the Americans and the Koreans would continue and that he was grateful for the work which the Americans are now doing.

His principle address of the day was delivered in the Korean tongue, and he urged the Korean people of Hawaii to follow the teachings of Christ. He said that it was the Christian religion that the Koreans needed; that it was the one thing that would restore the nation and enlighten the people.

A good many people are anxious to take a course in political science or social work, he said, and these, while necessary for the good of a nation, are useless unless they are backed up by the Christian religion.

ANOTHER FEATURE CONCERT IS PLANNED BY KAAI

When one sees Ernest Kaai or hears his name spoken the thought immediately turns to Hawaiian music and the inimitable manner in which he interprets it. One of the biggest features for the concert to be given on Thursday evening will be the ancient Hawaiian songs. Mr. Kaai himself will sing some of them and there will be some ensemble work by the troubadours. The program will be an unusually good one, as Mr. Kaai has spent much time selecting songs that have not been sung here often. Miss Keala Kaai, whose sweet soprano voice pleases every one, will also take part in the coming entertainment. While Miss Kaai is the only woman in the troupe of Hawaiian singers each one of the good voices and those planning to go to the entertainment may well anticipate some good singing. When Mr. Kaai played here last month the sale of seats was so great that a special performance was given for the Clevelanders who were unable to secure tickets for the first performance. As many of the tourists in the city were unable to attend the concert for the same reason, this will give them an opportunity to hear Kaai and his troubadours, whose fame has been sung the world over.

I read it in the Star-Bulletin. It must be so.
